WHAT ARE THE FEES? WHAT AM I PAYING FOR?

League Dues: Our league has a \$90 fee for joining. \$60 of the fee goes to our tee time scheduling & electronic scoring program as well as the league and events. Events are banquets, special events, trophies etc. The remaining \$30 of the fee goes towards your membership with the Minnesota Golf Association (MGA) to establish and maintain your handicap with them.

Golf Bank: This is your personal bank account with the league. You deposit a certain dollar figure at the beginning of the season. Each week, funds are taken out to put towards the events. If you win an event, the funds are deposited in your pro-shop account. If you win skins, chip-in or 2-club, the funds are deposited back into your bank. At the end of the year, the treasurer will give back all of the money in your bank.

Example:

- At the beginning of the year, you decide to deposit \$44.00 into your golf bank.
- The first week of league cost \$7.50
 - \$5.00 for the event (which is a mandatory fee to participate)
 - You decided to participate in 2-Club (\$2.00)
 - And you decided to participate in Chip in (\$0.50)
- \$7.50 was deducted from your golf bank making your new golf balance \$36.50.
- A few days later you discover you won a skin. The skin was worth \$2.00.
- \$2.00 is added back into your bank account making your new golf balance \$38.50.
- If you win the weekly team or individual event, funds are recorded in your pro-shop account.

Events: Each week our league charges \$5.00 (mandatory) per player to play in the event that week. That \$5.00 goes towards skin payouts and winners of the team or individual event in each flight.

Hole In One Insurance: This pot has been growing for years and it only costs \$1.00 to enter. Whoever gets a Hole-In-One on league night, wins the entire pot less that year's contributions. Currently the pot is over \$2,000!

Ringer Board: This is a great way to have a side bet with yourself to see how you improve throughout the year. The cost is \$5.00 per member (optional.) You start with your first round of the year. That is the score you want to beat, hole by hole. Any time you shoot better on a hole during league, we will update your score. By the end of the year, we will complete the best score you had on each hole and calculate who has improved the most. We then take the Ringer board pot and payout the most improved players.

2-Club: This fee is \$2.00 per week (optional) and if you enter once, you will enter every week that you play. 2-Club is paid out for holes that you simply used 2 clubs and received a score of '2' – if you manage to do so, you win the pot! This pot is split among the winners each week. If there are no winners, the pot carries over until there is a winner.

Chip-In: This fee is \$0.50 per week (optional) and if you enter once, you will enter in every week when you play. Chip-In is paid out for holes that you chipped in. Putting from the fringe also counts! If you manage to do so, you win the pot! This pot is split among the winners each week. If there are no winners, the pot carries over until there is a winner.

Skins: Each golf hole represents a skin. If you shoot the lowest score on that hole out of everyone in your flight that night, you win a skin. Skin values differ each week depending on the number of skins won and number of players in the flight. Skins are not given out on every hole if there is a tie between two or more players.
